AUGUST 2023

## \* Vocab of the Month \*

AUGUST 2023

HAVE YOU  
SEEN THIS  
WORD  
BEFORE?

Our vocab word of the month is **Croisé!**

Pronounced kʁwaze, this French word means 'crossed' in ballet. Facing one of the corners of the stage, the body presents at an oblique angle to the audience, such that the audience can see still both shoulders and hips. The working leg may be crossed to the front (*devant*) or to the back (*derrière*).

## Housekeeping!

Whether you are new to VAM or not, make sure you are entering through our front door and exiting through the side door. This ensures studio flow and safety.
